To our valued customers:

As COVID-19 continues to spread, the uncertainty and gravity of the situation forces us to face this challenge directly. At the Ross companies, our primary focus is the health and safety of our associates, their families and you, our valued customers. We are closely monitoring the outbreak and are strictly following the directives and recommendations of the Center for Disease Control and Prevention (CDC).

Our companies will remain open for business, and we will continue to provide our incineration, transportation and other waste management services during this very difficult and constantly changing period, as we have since 1949.

We will do our best to continue to communicate with you as the situation develops and the facts unfold. Should you have any questions, please feel free to contact us.

I personally wish you all the best and hope that everyone stays safe and healthy.

Sincerely,

James N. Larson
President & CEO
